

Preschool Earns National Accreditation!

The Preschool Board and staff are extremely pleased to announce that Mt. Olive Lutheran Preschool has been recommended by the accreditation site visit team to become accredited through National Lutheran Schools Accreditation. The official accreditation certificate will be granted this summer. Over the past year and a half the staff and board have completed a self-study process examining operations and administration in seven areas. In working through the self-study instrument, the board and staff have formalized policies and procedures and strengthened the school's curriculum.

The site visit team's report cited major strengths in the Preschool Board's long and short term goals, a cohesive, happy, and supportive staff that respects and feels supported by the administrators, and a well-developed curriculum at each age level. From here, the Preschool staff and Board will develop an action plan for further improvements and sustained excellence over the next five years. The Preschool Board and staff have much to be proud of and thankful for.

To God be the glory!
